**ALCANTARA®**  
extraordinary every day

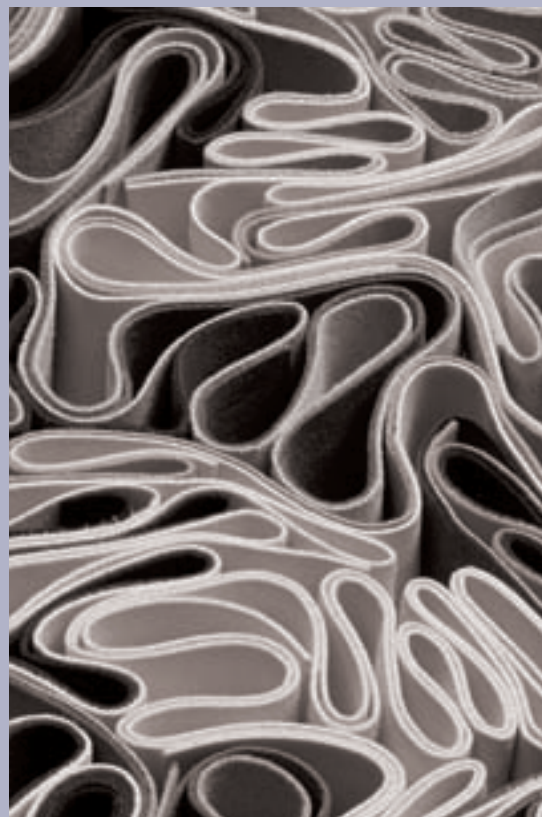

— *Alcantara®*

## EXTRAORDINARY EVERYDAY

Alcantara is a unique and innovative cover material entirely made in Italy. Our innate Italian-ness is one of our most essential qualities and all processing phases are carried out at the Nera Montoro plant in the heart of Umbria using our cutting-edge technology.

Sensory qualities, aesthetics, functionality and sustainability are the primary features of an unparalleled product indicative of an informed, contemporary lifestyle. Alcantara® is able to make every surface truly extraordinary.

Alcantara® is a registered trademark of Alcantara S.p.A. That seemingly insignificant little ® carries great value. It indicates the quality of the material, the advantages it offers and the uniqueness of a peerless brand.

## EXTRAORDINARY CARBON NEUTRAL SUSTAINABILITY

Carbon Neutral means that the entire life cycle of the product, including the usage and disposal phases, produces net zero carbon emissions.

A constant focus on the environment, as underlined by the continuous processes to improve the company and the numerous certifications it has been awarded.

## EXTRAORDINARY MATERIAL

- Alcantara is:
1. 100% made in Italy
  2. the ideal cover for adding beauty to all types of surfaces
  3. resistant
  4. breathable
  5. light
  6. warm in the winter and cool in the summer
  7. low maintenance, can be washed and ironed
  8. resistant to light and heat also ideal for outdoor use
  9. the material that guarantees the best sports grip

## *Automotive*

Alcantara has established itself as the material for adding a touch of quality to car interiors, transforming them into comfortable, truly unique spaces.

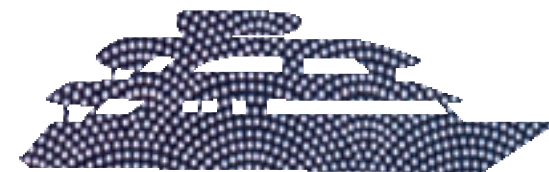

## *Interior&Contract*

Versatile and functional, elegant and enveloping, Alcantara® anticipates the latest interior design trends to create a welcoming atmosphere in all settings - from the home to the office - which will last over time.

## *Hi-tech accessories*

Alcantara® is synonymous with technology. It demonstrates this by proposing the most iconic products of the moment, such as tailor-made smartphone holders and tablet covers; unique and original accessories that combine style, elegance and technology.

## *Marine&Aviation*

Its excellent breathability and resistance to bad weather make Alcantara® one of the most popular materials in the marine sector. Also used in the aviation industry, it is the only material that is able to offer both excellent functionality and maximum comfort.

## *Special project*

In association with prestigious partners and art institutions, Alcantara® encourages the growth and development of established designers and promising young talent alike, dedicating special initiatives and original exhibitions to their imagination and creativity.

## *Fashion*

Thanks to its extreme versatility, Alcantara is able to accentuate the creativity and stylistic élan of the fashion designers that choose it for their bags, accessories and clothes, inevitably resulting in eye-catching and interesting designs.
