HOME’

NOMADIC CHIC WITH A BOHEMIAN TWIST

You close your eyes. Sink back into comfortable cushions, a salty warm summer breeze transports you to distant places. The scents of the hamman, gentle hands massaging your feet. An oasis of tranquillity. Billowing transparent curtains bring coolness and a poetic mood.

Take a suitcase of dreams home with Lounge. Inspiration from all corners of the world, translated into luxurious designs. Delicate poetry eloquent with powerful contrast. Dreamy flowers of glass pearls, a lustrous mandala motif, refined droplets in a delicious diversity of eclectic materials. A grand design with the look of a timeworn Ottoman rug, an elegant fabric as an bold bouclé. A sleek graphic pattern printed on a 'linen look canvas' and a romantic delicate latticework. Faded tones, a profusion of off-whites. From Sahara sand, Tuscan pink and peach, to Bali jade and Andalusian burgundy. And Rainwood green, Earth black, mother-of-pearl, copper, silver and gold. Matt and gloss, flock and glass beads, robust and refined.

Glamour with an unpolished edge. Enjoy nomadic chic adventures with a bohemian twist at home. The Lounge collection is as warm and personal as a treasured souvenir.
