

REUNITED

‘Reunited is a series of plains. Inspired by timeless and lively materials, tactile and sometimes with a raw edge. A rich palette of subdued and natural hues.’

‘TIMELESS
AND LIVELY
MATERIALS’

CHOOSE THE SUBTLE POWER OF PLAINS.

A magnificent loft in the former factory building. A sea of light filters through the tall windows, highlighting every detail of the rough floors and timeworn walls. The coarse woodgrain of the timber beams, a large couch upholstered in unbleached linen. The silhouettes of sturdy metal lamps are reflected in the gleaming polished surface of the glass table. A stylish pairing of timeless and new.

Reunited is a series of plains from several collections, complemented by new textural motifs developed especially for this selection. Inspired by timeless and lively materials, tactile and sometimes with a raw edge. From linen to grasscloth and from organza to concrete. From coarse to smooth, soft to hard, and shiny to matte. A rich palette of subdued and natural hues: lustrous metal, warm brown, burnished gold, crisp white, classic ecru, rugged black, moss green, iron grey and watery to denim blue.

Reunited, the subtle power of plains and materials that bring your walls to life with touchable textures, from gentle to rough.

Materials that bring your walls to life.
